THE QUALITY CONNECTION

THE FRENCH KNOW HOW

- ☐ The Quality Connection
- ☐ The Only European production unit
- ☐ One of the group's sales offices

Located in Vitry le François since 1989, our site integrates :

- ☐ Molding,
- ☐ Assembly,
- ☐ Cutting,
- ☐ Industrialization department.

At our site we:

- ☐ Design,
- ☐ Produce a wide range of standard and custom connectors,
- ☐ Supply various sectors such as Automotive, Industry, Medical, Domestic Appliances, Telecommunications,...

Thanks to all our departments, we make sure to be as close as possible to our customers, whether they are French, European or international.

THE FRENCH EXCELLENCE

Opting for **Made In France** means that you buy a product designed, manufactured and assembled in France.

This is a **quality** guarantee; a **responsible** purchase which permits to reduce the **carbon footprint**.

Consequently, this choice will also have an impact on your **delivery time**.

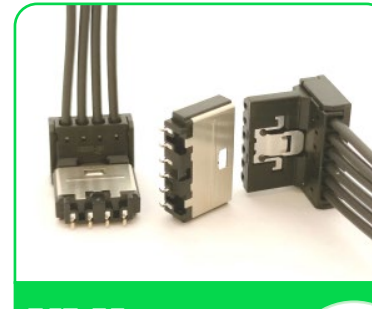

You need a **custom product** solution:

Thanks to our **R&D** center, and all our **departments**, we can provide **custom-designed solutions** answering to all the **technical specifications** and **needs**.

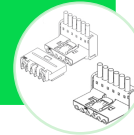

Any questions ?
