

WMC CONNECTOR

Wire-to-wire

Developed in pursuit of miniaturization and waterproof as wire to wire type connector for automotive. To realize miniaturization and high reliability with the pitch 1.8mm and CPA design.

■ Features

- **Miniaturization**
0.50 terminal with 1.8mm pitch realized miniaturization.
- **Waterproof**
Mat seal is adopted for improving the workability of wire seal part.
- **Connector Position Assurance (CPA) Design**
- **UL94 V-0 material**
In response to increasingly stringent requirements for flammability. Use resin that supports UL94 V-0.
